

# Build Contracting

Girling Jones Ltd specialise in the recruitment of technical professionals into the construction industry on both a temporary, interim and permanent basis. We work for developers, main contractors and specialist subcontractors and support the build cycle, from the planning and designing stages through to construction and handover. We cover new build, refurbishment, installation and fit out projects.

## Our key sectors include:

- Residential Development and Contracting
- Commercial Build
- Industrial and Retail
- Education and Health
- Building Services

Whether you're a national or regional business we will provide you with one, dedicated account manager, who solely recruits within your sector of expertise. All of our consultants pride themselves on face to face interviewing, compliance and rigorous referencing, as well as having a thorough, technical understanding of the markets they supply.

## We recruit the following types of candidates:

- Estimating and Quantity Surveying
- Engineering and Site Management
- Bid Management, Planning and Procurement
- Design and Technical Coordination
- Senior Management and Director level positions
- Sales and Administration
